

# VLA6515LP-UL 6-way Diversa Pod

## > Applications

- Fixed or Mobile Operation
- OB-Van
- Live Events

## > Features

- Small Rugged Size
- Integrated Downconverter to UHF
- Integrated Low Noise Amplifier
- One-Cable Solution
- Uplook Antenna

## > Performance

The Diversa Pod is a 6-way compact antenna unit with linear polarisation for wireless camera or DENG applications. It is equipped with integrated down converters and covers the frequency range from 6.425 to 6.525 GHz. The compact size allows flexible mounting options.

Ordering Information	
16.1267.009	VLA6515LP-UL; cable connector

Technical Characteristics	
<b>Frequency</b>	6.425 - 6.525 GHz
<b>Impedance</b>	50Ω
<b>VSWR</b>	>10dB
<b>Polarisation</b>	Linear
<b>Gain</b>	15dBi
<b>3 dB Beamwidth Vertical</b>	70°
<b>3 dB Beamwidth Horizontal</b>	360°
<b>Downconverter Frequency Output</b>	70 to 867 MHz
<b>Standard Connector</b>	weather tight cable connector 6 x UHF
<b>Dimensions (D x H)</b>	370 x 431.8 mm (approx. 14" x 17")
<b>Weight</b>	Approx. 5kg (11.02 lbs)
