Once this form is received, an RMA number will be provided. If the unit is determined to be covered by the standard warranty no charges will apply. If the unit is outside of the warranty period then a \$350 evaluation fee will apply. Once the evaluation of the unit has been completed, an estimate will be sent to the customer. If the estimate is approved, the evaluation fee will go towards the cost of the estimate. If the estimate is not approved, the customer may request the unit be returned unrepared or scrapped at BMS' facility.
